SUBPART F—WITHDRAWAL OF DISTILLED SPIRITS FREE OF TAX FROM REGISTERED DISTILLERIES AND INTERNAL REVENUE BONDED WAREHOUSES AND OF ALCOHOL FREE OF TAX FROM INDUSTRIAL ALCOHOL PLANTS AND BONDED WAREHOUSES FOR USE OF THE U. S.

WITHDRAWAL OF DISTILLED SPIRITS FREE OF TAX FROM REGISTERED DISTILLERIES AND INTERNAL REVENUE BONDED WAREHOUSES FOR USE OF THE U. S.

§ 171.150 *General.* Distilled spirits of any proof may be withdrawn, free of tax, for use of the United States from the cistern room of a registered distillery or from tanks in an internal revenue bonded warehouse, by the head of the department or independent bureau or agency by which the spirits are to be used.

§ 171.151 *Types of conveyances.* Distilled spirits may be transported by pipe line, or in railroad tank cars, tank trucks, tank barges, or other conveyances approved by the Commissioner, controlled and operated by the consignor, the consignee, or a public carrier. The conveyance must be suitable for the transportation of distilled spirits and all openings shall be so equipped for sealing as to prevent unauthorized access to the distilled spirits.

§ 171.152 *Application, Form 1444.* The head of the department or independent bureau or agency, as the case may be, desiring to withdraw distilled spirits, free of tax, will file application, in quadruplicate, on Form 1444 (appropriately modified), directly with the Commissioner. The application must state the name of the department or independent bureau or agency, the name of the proprietor, the registry number, and the location of the registered distillery or internal revenue bonded warehouse from which the distilled spirits will be withdrawn free of tax, and the names and addresses of the consignees to whom shipments will be made. The application shall be signed by the head of the

department or independent bureau or agency, as the case may be, or by another official duly authorized by him. Evidence of such authority shall be furnished the Commissioner.

§ 171.153 *Issuance of permit, Form 1444.* Upon receipt of an application on Form 1444, the Commissioner will issue a permit on such form (appropriately modified). The original and one copy of Form 1444 shall be forwarded to the head of the department or independent bureau or agency making application for the permit who in turn shall retain a copy and forward the original to the consignor distiller or warehouseman, as the case may be. One copy will be retained by the Commissioner for his files and the remaining copy shall be forwarded to the district supervisor of the district in which the registered distillery or internal revenue bonded warehouse, named as consignor in the application, is located.

§ 171.154 *Withdrawal of distilled spirits.* When withdrawals of distilled spirits are to be made, free of tax, for use of the United States, the distiller or warehouseman, as the case may be, will present the permit, Form 1444, to the storekeeper-gauger and designate the spirits to be withdrawn. The storekeeper-gauger will then gauge the spirits and prepare Form 1520 in quadruplicate. If the spirits to be withdrawn are contained in a tank which is not mounted on scales, the quantity may be determined by volumetric gauge. Prior to filling, the storekeeper-gauger shall examine the conveyance and determine whether it is suitable for the transportation of spirits and whether all openings affording access to the spirits are so equipped that they may be effectively sealed. If the conveyance does not meet such requirements, its use for the transportation of distilled spirits will not be permitted. The proprietor will prepare Form 1453, in quintuplicate, and give all copies to the storekeeper-gauger. Immediately after filling, the storekeeper-gauger will seal the conveyance, with cap-seals furnished by the Government, in such a manner as will secure all openings affording access to the spirits. The serial numbers of the cap seals so used will be entered by the storekeeper-gauger on the reverse side of Form 1453, followed by his signature and title. If the conveyance is a tank car, tank truck, or tank barge, a label shall be securely affixed to the route board of the tank car or tank truck, or at a suitable location on the tank barge or other conveyance, on which shall be plainly marked the proof and temperature ascertained at the time of gauge for withdrawal, the number of inches above or below the full mark (or other clearly designated gauge mark on the conveyance), the date and purpose of withdrawal (for use of the United States), the number of proof gallons, and the name and address of the consignee. Upon release of the shipment, the storekeeper-gauger will retain one copy of Form 1453 and one copy of Form 1520, deliver one copy of each form to the distiller or warehouseman, as the case may be, forward two copies of Form 1453 and one copy of Form 1520 to the consignee, and forward the remaining copy of each form to the district super-

visor. Where shipment is by tank truck the copies of Forms 1453 and 1520 for the consignee will be sealed in an envelope addressed to such consignee and handed to the person in charge of the truck for delivery.

§ 171.155 *Bill of lading.* Where the distilled spirits are to be transported by a public carrier, the consignor shall furnish to the storekeeper-gauger, for forwarding to the district supervisor with Form 1453 and Form 1520, a copy of the bill of lading, covering transportation of the spirits from the point of shipment to destination.

§ 171.156 *Certificate of receipt.* Receipt of each shipment of distilled spirits withdrawn for use of the United States under this part shall be promptly certified to on Form 1453, in duplicate, by the official representative of the United States or governmental agency thereof to whom delivery of such shipment was made. Where inspection at destination discloses a loss in transit such loss will be noted on each copy of Form 1453 by the receiving officer, who will state whether the condition of the conveyance when received indicated that the loss was due to theft or to other cause.

§ 171.157 *Disposition of receipted Form 1453.* One copy of the receipted Form 1453 shall be forwarded promptly to the district supervisor from whose district the withdrawal was made and the remaining copy shall be retained by the consignee.

WITHDRAWAL OF ALCOHOL FREE OF TAX FROM INDUSTRIAL ALCOHOL PLANTS AND BONDED WAREHOUSES FOR USE OF THE U. S.

§ 171.158 *General.* Alcohol withdrawn, free of tax, from industrial alcohol plants and bonded warehouses for use of the United States, pursuant to Regulations 3 (26 CFR Part 182), may be transported by pipe line, or in tank cars, tank trucks, tank barges, and other conveyances approved by the Commissioner, controlled and operated by the consignor, the consignee, or a public carrier. The conveyance must be suitable for the transportation of alcohol and all openings shall be so equipped for sealing as to prevent unauthorized access to the alcohol. Such conveyances shall be sealed and labeled in accordance with § 171.154. If the alcohol to be withdrawn is contained in a tank not mounted on scales, the quantity may be determined by volumetric gauge.

2. It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1000, et seq.) is unnecessary in connection with the issuance of these regulations for the reason that the changes made are of a liberalizing character.

3. This Treasury decision will be effective upon the date of publication in the FEDERAL REGISTER.

Commissioner of Internal Revenue.

Approved: November 2, 1950.

The Commission having under consideration a motion filed by its General Counsel on October 26, 1950, requesting that the hearing on the above-entitled application, now scheduled to be held on October 30, 1950, at Washington, D. C., be postponed for an indefinite period; and

It appearing, that on October 24, 1950, the applicant filed a petition for reconsideration and grant of the above-entitled application without a hearing; and

It further appearing, that the Commission will not be able to act prior to October 30, 1950, upon the said petition of the applicant for reconsideration and grant without hearing, and that ultimate action on such petition may obviate the necessity for a hearing;

EVANGELINE BROADCASTING CO., INC.
(KVOL)

ORDER CONTINUING HEARING

In re application of Evangeline Broadcasting Company, Inc. (KVOL), Lafayette, Louisiana, for modification of construction permit; Docket No. 9739, File No. BMP-5098.

The Commission having under consideration a joint petition filed October 20, 1950, by Shamrock Broadcasting Company (KXYZ), Houston, Texas, and Port Arthur Broadcasting Company (KOLE), Port Arthur, Texas, requesting that the above-entitled proceeding be continued from November 20, 1950, until a date 60-days subsequent to the time KVOL begins program tests under its outstanding construction permit; and an opposition thereto filed on October 26, 1950, by Evangeline Broadcasting Company, Inc. (KVOL), Lafayette, Louisiana; and

It appearing, that the continuance is requested to permit the respondents to make measurements on the newly authorized operation of Station KVOL for

the purpose of determining the extent of interference that would be caused to Stations KXYZ and KOLE by the operation proposed in the above-entitled application; and

It further appearing, that, inasmuch as KVOL presently operates as a Class IV station, the distance out to which measurements may be made on that operation is severely restricted by interference caused by other stations operating on its channel; and that, therefore, the Commission would be better appraised of the interference and coverage conditions of Station KVOL operating as proposed in its above-entitled application from measurements made on its newly authorized operation on 1330 kc. with 1 kw. power from its new transmitter site, inasmuch as measurements on this operation may be taken out to a considerably greater distance; and

It further appearing, that the party respondents should be able to complete the necessary study of the newly authorized operation of KVOL and be prepared for hearing within 30 days after that station commencing operation on program tests;

It is ordered, This 27th day of October 1950, that the petition is granted, insofar as it requests a continuance; and that the hearing in the above-entitled proceeding is continued to a period 30-days from the date Station KVOL commences operation on program tests pursuant to its newly authorized operation to be rescheduled by proper petition of the parties.

FEDERAL TELECOMMUNICATION LABORATORIES, INC.

PROCEDURE TO BE FOLLOWED IN CONSIDERING
PETITIONS FOR REALLOCATION IN BANDS
BETWEEN 1850 AND 13200 MC.

OCTOBER 31, 1950.

The Commission has before it a petition filed by Federal Telecommunication Laboratories, Inc., requesting it to reallocate the frequency band 2110 Mcs. to 2200 Mcs. to the Common Carrier Fixed Service. The Commission is of the opinion that any changes in the allocations of frequencies in the non-Government fixed and mobile service bands between 1850 and 13200 Mc. would so vitally affect the assignments to other services in these bands that no such changes can presently be made without a reconsideration of the entire allocation in this portion of the spectrum. Moreover there are a number of allocation problems in this portion of the spectrum already before the Commission but which cannot be disposed of until such time as the proceedings in Docket Nos. 8736, 8975, 8976 and 9175 have been completed. After that time it will be possible for us to ascertain with greater certainty the needs of television pick-up service and the television STL service in the light of the frequencies available for television broadcasting.

Accordingly, the petition of Federal Telecommunication Laboratories, Inc., for reallocation of the band 2110-2200 Mc. to the Common Carrier Fixed Service will be held in abeyance until after the completion of the television proceeding (Docket Nos. 8736, 8975, 8976 and 9175). The Commission will then reconsider the entire allocation to the non-Government fixed and mobile services between 1850 and 13200 Mc. including the problem presented by Federal Telecommunication Laboratories, Inc.'s petition and any other problems which might be called to its attention.

[Docket No. E-6329]

NEW ENGLAND POWER CO.

ORDER SUSPENDING RATE SCHEDULE AND
FIXING DATE OF HEARING

NOVEMBER 2, 1950.

New England Power Company (hereinafter "NEPCO") on August 30, 1950, submitted for filing a proposed rate schedule consisting of an agreement with its affiliate Granite State Electric Company ("Granite State") dated August 18, 1950, and proposed to become effective by its terms as of November 7,

1950, tentatively designated New England Power Company Rate Schedule FPC No. 81, to supersede New England Power Company Rate Schedule FPC No. 58, as supplemented. The proposed agreement provides for the supply of Granite State's supplementary requirements in its Lebanon Division under NEPCO's revised standard wholesale rate. Based upon data submitted for the twelve months ending October 31, 1950, the proposed agreement would result in an increase of \$60,800 or 43.6 percent in the annual charges for service by NEPCO to Granite State.

NEPCO has not submitted the cost data required by the Commission's general rules and regulations in support of the proposed increase in rates to Granite State.

Unless suspended by order of the Commission the proposed rate schedule will become effective as of November 7, 1950, by its own terms and pursuant to the Federal Power Act and the rules promulgated thereunder.

The change in rates or charges provided in the proposed rate schedule tentatively designated NEPCO Rate Schedule FPC No. 81, referred to above, may result in excessive rates or charges to Granite State; may place an undue burden upon ultimate consumers of electric energy; may be discriminatory; and may result in increased rates or charges which have not been shown to be justified.

The Commission finds: It is necessary, desirable, and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges and that said proposed rates or charges be suspended pending such hearing and the decision thereon.

The Commission orders:

(A) A public hearing be held commencing December 11, 1950, at 10:00 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates or charges provided for in NEPCO's proposed rate schedule tentatively designated as NEPCO Rate Schedule FPC No. 81, referred to above.

(B) Pending such hearing and decision thereon, the proposed rate schedule, referred to above, be and the same hereby is suspended and the use of the rates or charges contained therein deferred until April 8, 1951, and thereafter such proposed rate schedule shall go into effect in the manner prescribed by the Commission in accordance with the Federal Power Act.

(C) During the period of suspension, the rates or charges heretofore in effect in NEPCO Rate Schedule FPC No. 58, as supplemented, shall remain and continue in effect.

(D) At the hearing ordered herein, the burden of proof to show that the proposed increased rates or charges are just and reasonable and not unduly discriminatory or preferential shall be upon NEPCO.

(E) Interested State commissions may participate as provided by rules 1.8 and 1.37 (f) of the Commission's general rules and regulations, including rules of prac-

tice and procedure dated January 1, 1948 (18 CFR 1.8 and 1.37 (f)).

Gulf proposes to issue 51,026 shares of cumulative -- percent preferred stock of \$100 par value by (a) offering 11,026 shares of such preferred stock and cash, as more fully described below, in exchange for Gulf's outstanding 11,026 shares of \$6 preferred stock without par value, and (b) selling to underwriters, pursuant to the competitive bidding requirements of Rule U-50, such of the 11,026 shares of the new preferred stock as are not used to effect exchanges as well as 40,000 additional shares of such new preferred stock. tions thereunder are satisfied, that no adverse findings are necessary, and the Commission deeming it appropriate in the public interest and in the interest of investors or consumers that said declaration, as amended, be permitted to become effective forthwith;

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the declaration, as amended, be, and the same hereby is, permitted to become effective, subject, however, to the terms and conditions prescribed in Rule U-24, and to the following additional conditions:

SPECIAL OFFERING PLAN

EXTENDING TIME OF EFFECTIVENESS

The Securities and Exchange Commission having previously declared effective a plan for special offerings, and certain amendments thereto, filed pursuant to § 240.10b-2 (d) (Rule X-10B-2 (d)) by the Midwest Stock Exchange, and the Midwest Stock Exchange on October 30, 1950, having filed further amendments to such plan for special offerings;

The Securities and Exchange Commission for good cause finds that the notice and public procedure specified in section 4 (a) and (b) of the Administrative Procedure Act are unnecessary in connection with the consideration of the amendments to this special offering plan, since it is generally similar to plans heretofore declared effective for other national securities exchanges, and the Commission finds further that, paragraph (d) of § 240.10b-2 being exemptive in nature, such amendments may be declared effective immediately. Therefore the Commission, having given due consideration to the terms of such amended special offering plan, and having due regard for the public interest and for the protection of investors, pursuant to the Securities Exchange Act of 1934, particularly sections 10 (b) and 23 (a) thereof and § 240.10b-2 (d) thereunder, hereby declares the amended special offering plan filed by the Midwest Stock Exchange on October 30, 1950, to be effective until the close of business on December 30, 1950, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do, the Commission may suspend or terminate the effectiveness of said plan by sending at least ten days'

written notice to the Exchange. Effective November 1, 1950.

By the Commission.
